EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Harris Pitlick on 08/22/2005.

The application has been amended as follows:

In Claim-1, Line-1, **At the beginning**

DELETE 'An insulation film for use between semiconductor layers' and
REPLACE with --A semiconductor device comprising the insulation
film between semiconductor layers, the said insulation film --

Cancel Claim-3

In Claim-4, Line-1, **At the beginning**

DELETE 'An insulation film ' and
REPLACE with --A semiconductor device--

In Claim-5, Line-1, **At the beginning**

DELETE 'An insulation film ' and
REPLACE with --A semiconductor device--

REASONS FOR ALLOWANCE

Claims 1 and 4-9 are allowed as amended over prior art record that neither teaches nor fairly suggest the critical features of a semiconductor device having an insulation film containing borazine between two semiconductive layers or insulative film/s with gold electrodes containing borazine/s.

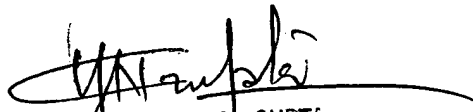

The prior art of record by Paine et al (Am Chem Soc 1994) and Paine et al (Chem. Rev. 1990) teach a film of borazines and do not teach or suggest the applicants invention containing the critical features of the semiconductive device or the insulative films with gold electrodes, both having insulating films containing borazine.
